Noguchi, Wecht to talk at lawyers' convention

Two doctors who figured in the investigations into the assassination of President Kennedy and Sen. Robert F. Kennedy will be among the speakers at the 30th annual midyear convention of The Association of Trial Lawyers of America (ATLA) at Las Vegas, Nev., Jan. 25-30.

Dr. Thomas Noguchi, Los Angeles County Chief Coroner and Medical Examiner, who was the senior physician in attendance at Sen. Robert Kennedy's autopsy, and Dr. Cyril H. Wecht, Chief of Forensic Pathology, Allegheny, Penn., who investigated the "second-gun" theory in President Kennedy's death, will be just two of the featured panelists.

More than 2,000 attorneys and their families from the United States, Canada and Puerto Rico are expected to attend the convention at Caesars Palace.
